|                                |  | DAC (Facilitator)                                | John White          | Project Manager                                  |

| <b>Wednesday, 13 March</b> |  |  |                 |  |
|----------------------------|--|--|-----------------|--|
| <b>07:00-10:00</b>         | <b>Registration, Exhibition and Tech demo @ 09:00-09:20: uYilo eMobility Programme</b><br>Exporting of power from an electric vehicle to power an appliance  |  |                 |  |
| 10:00-10:15<br>Hall 1      | <b>Welcome</b>   | NAACAM   | Ugo Frigerio    | President                                      |
| 10:15-11:00<br>Hall 1      | <b>SA Automotive Masterplan</b><br>Industry stakeholders unpack their views on how the SA Automotive Masterplan will be realised and key implementation objectives of their constituencies   | NAAMSA   | Andrew Kirby    | President                                      |
|                            |  | NAACAM   | Ken Manners     | Vice-President                                 |
|                            |  | National Union of Metalworkers of South Africa                   | Irvin Jim       | General Secretary                              |
|                            |  | The Department of Trade and Industry                             | Mkhululi Mlota  | Chief Director, Automotive                     |
|                            |  | NAACAM (Facilitator)   | Renai Moothilal | Executive Director                             |
| 11:00-12:00<br>Hall 1      | <b>Regional Market Dynamics</b><br>Radically different production and consumption models and opportunities to capture value are possible in what is the final frontier for the automotive sector. Ghana has serious ambitions to capture increased value from the automotive sector and is creating the framework to do so. Volkswagen's Rwandan trial will be six months young in Q1 2019. Their approach offers lessons as to the future of the autos sector on the continent. | Ghanaian Representative  | TBC             |  |
|                            |  | VW Rwanda  | Serge Kamuhinda | Director                                       |
|                            |  | VWSA   | Thomas Schaefer | Chairman and Managing Director                 |
|                            |  | Deloitte (Facilitator)   | Martyn Davies   | Managing Director, Emerging Markets and Africa |
| <b>12:00-13:30</b>         | <b>Lunch and Tech demo @ 12:30 WHS 24 together with MAHLE</b><br>A push system mobile application allows for real time data capture which enables it to measure, monitor, and optimize key resources of Man, Machine and Time within the warehousing function.   |  |                 |  |
| 13:30-15:00<br>Hall 1      | <b>Future of Manufacturing and the auto</b><br>Automation via robotics and increasingly autonomous data exchanges are the foundations of Industry 4.0. All firms have these foundations to a greater or lesser degree but must accelerate adoption to remain competitive. Leading thinkers (a), technology providers (b) and firms at the forefront of adoption locally (c) will share their perspectives.   | Jendamark  | Yanesh Naidoo   | Sales and Design Director                      |
|                            |  | Data Prophet   | Michael Grant   | Chief Technical Officer                        |
|                            |  | Bosch Africa   | Markus Thill    | President                                      |
|                            |  | Toyota Wessels Institute for Manufacturing Studies (Facilitator) | Justin Barnes   | Professor                                      |
| <b>15:00-15:45</b>         | <b>Exhibition, Tea Break and Tech demo @ 15:15 DataProphet</b><br>AI-enabled process parameter optimization: Presentation of a digital simulation of a foundry environment showing the profound effect OMNI has on productivity and waste reduction.   |  |                 |  |
| 15:45-17:15<br>Hall 1      | <b>Increasing local content levels in priority sectors</b><br>A viable auto industry requires deeper levels of telematics and powertrain value add and the   | Atlantis   | Mervin Moodley  | CEO  |
|                            |  | Bosch Stuttgart  | Rudolf Billau   | Vice President Marketing                       |

|                    |   |                      |                 |                         |
|--------------------|---|----------------------|-----------------|-------------------------|
|                    | Masterplan incentives strongly encourage investment in these areas. What are OEMs plans for these crucial sub sectors, what blockages exist to realising these investments and what opportunities could be created through a consolidated approach? | Yekani Manufacturing | Rajesh Ramkawal | Chief Operating Officer |
|                    |   | NAACAM (Facilitator) | Renai Moothilal | Executive Director      |
| <b>17:15-19:00</b> | <b>Mayor's Networking Function</b><br>Refreshments and entertainment will be on offer in the Exhibition.  |                      |                 |                         |

| <b>Thursday, 14 March</b> |   |  |                          |   |
|---------------------------|---|--|--------------------------|---|
| <b>07:00-08:30</b>        | <b>Registration, Exhibition</b>   |  |                          |   |
| 08:30-09:30<br>Hall 1     | <b>New entrant development and best practice</b><br>OEMs, support organisations and industry share what they've done and what they have learned through their own transformation journeys   | Toyota SA Motors   | Nigel Ward               | Executive Vice President                                      |
|                           |   | AIDC   | Lance Schultz            | CEO   |
|                           |   | Naiker Toolmakers  | Preshan Naiker           | Production Manager  |
|                           |   | BUSA (Facilitator)   | Tanya Cohen              | CEO   |
| 09:30-10:15<br>Hall 1     | <b>Politician's Address</b><br>The automotive Masterplan is key to driving growth of the local automotive value chain. The Politician's address will position the conference and exhibition within the context of this aspirational policy.                       | Durban Automotive Cluster (Welcome)                        | Andrew Velleman          | Chairman  |
|                           |   | eThekweni Municipality                                     | Councilor Zandile Gumede | Mayor   |
|                           |   | KwaZulu-Natal Provincial Legislature                       | Sihle Zikalala           | MEC for Economic Development, Tourism & Environmental Affairs |
| 10:15-10:45<br>Exhibition | <b>Exhibition: Localisation Focused Tour</b><br>A guided tour of the exhibition highlighting localisation opportunities and successes   |  |                          |   |
| <b>10:45-11:30</b>        | <b>Exhibition, Tea Break and Tech demo @ 11:00 Jendamark</b><br>Demonstration of a piloted system that provides sustainable access to digital content for High School Learners, in response to announcement of the Closed-loop Learner Network (and its Partners) |  |                          |   |
| 11:30-12:30<br>Hall 1     | <b>Regional Market Dynamics</b><br>Within a decade an integrated auto production and trade model centered in key markets - but drawing from resources across the region - could reshape its fortunes.   | Ubu Investments  | Alec Erwin               | Chairman  |
|                           |   | DTI  | Xolelwa Mlumbi-Peter     | Deputy Director General ITED                                  |
|                           |   | Nigeria National Automotive Design and Development Council | Jelani Aliyu             | Director General/CEO  |

|                                |   |   |                   |   |
|--------------------------------|---|---|-------------------|---|
|                                |   | University of Cape Town School of Economics (Facilitator) | Faizel Ismail     | Professor                                 |
| 12:30-13:30<br>Hall 1          | <b>Increasing local content levels in priority sectors</b><br>In a relatively low volume environment investment hurdles are high. Many SA firms are investing heavily – how are they structuring themselves and operating to be competitive and secure new local investment? Presenting the business case in terms of securing finance.                     | ABSA Corporate and Investment Banking                     | David Renwick     | Head of Global Finance & Trade            |
